Action That the Chief Executive Officer of designee be authorized to issue Purchase Order No. 280143, for Aircraft Rescue Fire Fighting (ARFF) Apparatuses, with Siddons Martin Emergency Group, LLC, of Denton, Texas, in the amount of \$26,899,397.45.			
Description <ul style="list-style-type: none"> • Issue a Purchase Order for twelve (12) Striker Fleet Replacement Trucks in support of the Airport's Department of Public Safety. 			
Justification <ul style="list-style-type: none"> • The Fire Emergency Operations Division of the Department of Public Safety maintains a fleet of fire apparatus in a state of readiness to respond to the emergency needs of the Airport community. The ARFF apparatus are used to respond to Aircraft Rescue Firefighting calls and industrial fires per the requirements of FAR 139. The goal is to ensure continued reliability of fire apparatus responsible for emergency response within the airport boundaries. • Through benchmarking studies, the Airport has adopted a replacement plan of Life cycle-10 years, maintenance cost exceeds 25% of residual value, or annual downtime exceeds 600 hours. The existing fleet has met all criteria for replacement. It is therefore recommended that the plan to replace the ARFF fleet be enacted to replace all ARFF apparatus. • This proposal includes a one for one fire engine replacement for a structural fire engine/pumper that is end of life and no longer serviceable. • Replacing eight 8X8 diesel ARFF trucks with the six proposed 6X6 hybrid units and two 6X6 diesel units would reduce CO2 emissions by 56 tons per year (roughly 1% of the Airport's fleet emissions).

Justification Continued

- Environmental/Regulatory: Additional factors in determining ARFF fleet replacement are driven by rapid regulatory change that will force airports to transition from PFAS firefighting foam to Fluorine Free Foams.
- The Department of Defense (DOD) and U.S. Navy released a new performance standard (Military Specification MIL-PRF-32725) for fluorine-free foam (F3) fire-extinguishing agents, a significant milestone that is expected to ultimately allow Part 139 airports to transition to F3 agents and away from AFFF agents later this year.
- In FY22, vehicles represented 21% of the Airport's carbon footprint, the second largest source of emissions. Within the vehicle category, diesel vehicles accounted for 21% of emissions.
- Maintaining fleet at readiness level will ensure continued response to airport emergencies thus protecting the lives and property of the Airport employees, customers, and tenants.

Additional Information:

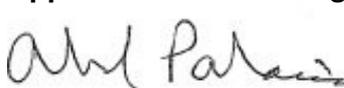

- This purchase will be made through the HGAC Contract No. FS12-19, which was approved by Resolution No. 97-07-181, dated July 3, 1997.

- 5.4 **Right of Appeal.** Any member may appeal to the Board from a ruling of the presiding officer. If the appeal is seconded, the member making the appeal may briefly explain the ruling; but there shall be no debate on the appeal, and no other member shall participate in the discussion. The presiding officer shall then put the question, "Shall the decision of the Chair be sustained?" If a majority of the members present vote "Aye," the ruling of the Chair is sustained; otherwise, it is overruled.
- 5.5 **Voting.**
- (a) Every member present when a question is called shall vote either "Aye" or "No" except on matters involving a conflict of interest or the consideration of the member's own official conduct.
 - (b) After the result of a vote is announced, a member may not change a vote unless, before the adjournment of that meeting, permission is given to change the vote by a majority vote of the members present.
- 5.6 **Demand for Roll Call.** Upon demand of any member for roll call vote, made before the result is announced, the roll shall be called for aye and no votes upon any question before the Board. It shall not be in order for members to explain their vote during the roll call.

- 5.11 **Attendance Resolution.** By policy of both city councils, any member who is absent for more than three (3) regular meetings in succession, or four (4) regular meetings in any successive twelve-month period, will be required to forfeit their office unless excused by the appointing city council.
- 5.12 **Procedures for Election of Officers.** Prior to the regularly scheduled February Board meeting, the Mayor of Dallas, the Mayor of Fort Worth, and the Board Chair shall discuss a potential slate of candidates to fill the Chairmanship, the Vice-Chairmanship, and the Secretary of the Board.

At the February Board meeting, this nominating advisory committee shall nominate an individual for each of these three (3) positions. The advisory committee's nominations are treated just as if made by members from the floor. The Chair shall then take additional nominations from the floor. A nomination need not be seconded.

The Chair shall then call for a vote by a show of hands for the Chairmanship first, followed by the Vice-Chairman, followed by the Secretary of the Board.

Each officer must be elected by a majority vote of the entire board, which must be at least six (6) board members pursuant to the Contract and Agreement. If a majority vote (six (6) or more votes) is not obtained for a single candidate upon the first ballot, then the candidate with the lowest vote count shall be dropped from the slate of candidates, and another vote is called. This procedure shall continue until there is a majority vote reached for each position.

The first adjournment puts an end to this appointment.

CONSIDERATION OF BOARD ACTIONS AND RESOLUTIONS

- 8.1 Printed Form/Electronic Media.** All Board actions and resolutions shall be presented to the Board in printed form or by electronic media.
- 8.2 General Counsel to Approve.** All Board actions and resolutions shall be approved as to form by the Board's General Counsel.
- 8.3 Distribution of Actions and Resolutions.** The Chief Executive Officer shall prepare copies of all proposed Board actions and resolutions to be available for distribution to all members of the Board at the meeting at which the action or resolution is introduced, or at such earlier time as is appropriate.
- 8.4 Rules of Order.** The most recent edition of Robert's Rules of Order Revised shall govern the proceedings of the Board in all cases, unless they are in conflict with these rules.
- 8.5 Reconsideration.** A motion to reconsider any action of the Board must be made no later than the next meeting of the Board. Such a motion may only be made by a member who voted with the prevailing side. It can be seconded by any member. No question shall be twice reconsidered except by unanimous vote of the Board. An action relating to any contract may be reconsidered at any time before the final execution thereof.
- 8.6 The Previous Question.** When the previous question is moved and seconded, there shall be no further amendment or debate, and on pending amendments shall be put in order before the main question. If the motion for the previous question is lost, the main question remains before the Board. An affirmative vote of two-thirds of the member's present shall be required to approve the previous question. (To demand the previous question is equivalent in effect to moving "that debate now cease, and the Board immediately proceed to vote on the pending motion." In practice, this is done with the phrase "Call for the Question," or by simply saying "Question.")
- 8.7 Changing Vote(s).** Members have the right to change their votes at any time before the final vote is announced. Afterward, changes can only be made with the Board's permission. This can be given by general consent (i.e. if, when the Chair inquires, no

member objects). If objection is made, a motion may be made to grant the permission, which motion is undebatable.

8.8 Withdrawal of Motions. A motion may be withdrawn, or modified, by its mover without asking permission until the motion has been stated by the Chair. If the mover modifies the motion, the seconder may withdraw the second. After the question has been stated, the mover shall neither withdraw it nor modify it without the consent of the Board.

8.9 Amendments to Motions. No proposal of a subject different from that under consideration shall be admitted as a motion or amendment to a motion. A motion to amend an amendment shall be in order, but one to amend an amendment of an amendment shall not be in order.

Section 9

VOTES REQUIRED

9.1 Voting Requirements. A quorum shall consist of any seven (7) members of the Board including at least one (1) member appointed to Place No. 2, 3, 7 or 8, and a concurrence of six (6) members shall be necessary for any official action taken by the Board.

9.2 Airport Board Rules Requirements.

Failure to utilize the system will result in a ~~\$27 charge~~ each time a vehicle exits the Public Parking Revenue Area. Except as specified below for Transportation Network Companies (TNCs), all access fees and any public parking rates are collected from the vehicles' NTTA account upon exiting the Public Parking Revenue Area.

After two hours, all classes of commercial ground transportation vehicles will accrue public parking rates.

(3) Taxicabs must pay the access fee for each dispatched pick-up within the Public Parking Revenue Area and for each drop-off within the Public Parking Revenue Area.

(4) TNCs must ~~pay \$4~~ for each digitally prearranged ride to, from, or within the Public Parking Revenue Area. Their portion of the access fees will be paid directly to the Airport on a monthly basis, as described in their permit. The payment of public parking rates by a TNC driver during the first 30 minutes within the Public Parking Revenue Area will be deemed compensation to the Airport for the remaining portion of the access fee (\$2). Any additional revenue collected will be considered public parking revenue.

(5) TNCs who choose not to cooperate in implementing and continuously providing data for the real-time TNC vehicle tracking and reporting application shall pay the per-trip administrative service fee.
